Serrated planting trowel 'Welldone'

A trowel cannot be ruined by anything with a
feathered cutting edge. The blade on
it is as sharp as a razorblade. With
this new design have even more benefits
in working the heavy soil. The
blade is strong, not breaking and never
loses its edge. It is the **welldone**
trowel by DeWit, strong as a buffel.

Specificaties

Item nr	Omschrijving		
---------	--------------	--	--

020510	Bandhamer met langesteel en nylon koppen	1,90	300x190x190
